

# Price Comparison Tool

## Make The Most Of Your Health Care Dollars

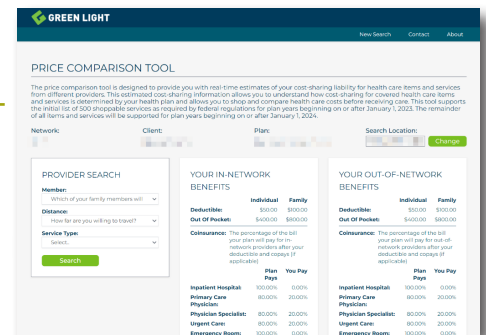

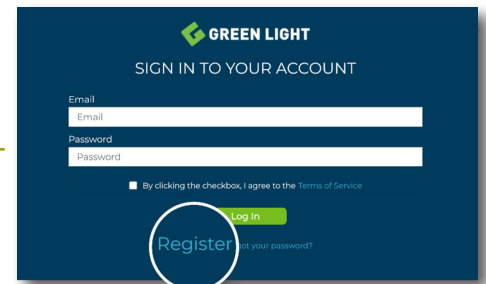

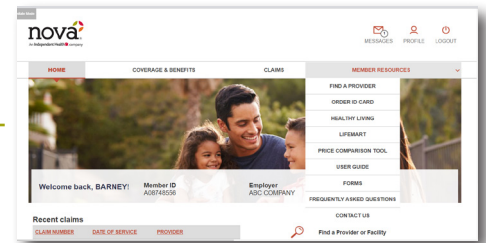

Nova's online Price Comparison Tool, hosted by Green Light, makes it possible to obtain a cost estimate before a service or procedure takes place. You can also compare costs and quality ratings across different providers to help you make the best decisions for your health and budget.

### Get To Know The Price Comparison Tool

When you search for a medical service or procedure, you'll see a list of providers who provide that service. You can choose a geographical area to search or look for a specific provider by name. Cost estimates will show how much you can expect to pay (based on your benefit plan, network, deductibles, and copays, if applicable).

### How To Register

1. Log in to the Consumer Information Center and choose **Price Comparison Tool** from the Member Resources menu.
2. Click on **Use the Price Comparison Tool**.
3. Click **Register** to create an account. You will need the member ID number from your ID card.
4. Once registered, your Price Comparison Tool homepage will include plan-specific information (network, deductibles, and copays, if applicable). Using this information, you can search for care based on a medical service or procedure, geographical area, or provider name and receive a cost estimate of what you can expect to pay.

### Questions?

We can help! Whether you have questions or you would like to get a price estimate by phone, just call the Customer Service phone number found on your ID card.
