Important Questions	Answers	Why This Matters:
What is the overall deductible?	**$0** individual / **$0** family for In-Network providers **$4,500** individual / **$9,100** family for Out-of-Network	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes. Preventive care and primary care services are covered before you meet your deductible.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	No.	You don't have to meet **deductibles** for specific services.
What is the out-of-pocket limit for this plan?	**$9,100** individual / **$18,200** family for In-Network providers **$18,200** individual / **$27,300** family	The **out-of-pocket limit** is the most you could pay in a year for covered services. If you have other family members in this **plan**, they have to meet their own **out-of-pocket limits** until the overall family **out-of-pocket limit** has been met.
What is not included in the out-of-pocket limit?	Premiums, balance-billed charges, Pre-Certification penalties and healthcare this plan does not cover.	Even though you pay these expenses, they don't count toward the **out-of-pocket limit**.

Will you pay less if you use a network provider?	Yes. See CIGNA Provider Directory or call **1-855-206-1040** for a list of participating providers.	This **plan** uses a provider **network**. You will pay less if you use a **provider** in the plan's **network**. You will pay the most if you use an **out-of-network provider**, and you might receive a bill from a **provider** for the difference between the provider's charge and what your **plan** pays (**balance billing**). Be aware, your **network provider** might use an **out-of-network provider** for some services (such as lab work). Check with your **provider** before you get services.
Do you need a referral to see a specialist?	No.	You can see the **specialist** you choose without a **referral.**
Is Pre-Certification required for services?	Yes, for certain services.	Failure to obtain precertification will result in a 100% penalty.

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.
