

What HealthJoy Can Do For You

Whether you're living with heart disease or trying to prevent it, HealthJoy can help. The following services and much more are available FREE in the HealthJoy app.

Find a Doctor Nearby

Managing your heart disease means working closely with a doctor. When you need to find a highly-rated, in-network doctor nearby, turn to HealthJoy. Just tap "Find a Provider" and let us do all the work.

Find a Cardiologist with Availability

It can be tough to find a specialist with upcoming availability. HealthJoy makes it simple to build out your care team. Just tap "Find a Provider" to get started.

Find Testing or Imaging

If your doctor orders testing or imaging, turn to HealthJoy first. We can help you find a highly-rated testing facility that's in-network and often lower-cost than hospital networks. Just tap "Find a Facility" or "Procedure Recommendation."

Schedule Appointments, Procedures, and more

Once you request a provider or procedure search and find an option you like, HealthJoy can take care of scheduling an appointment on your behalf. You'll find all the details in your Inbox after your request is completed.

Review Your Prescriptions and Medical Devices for Savings

Make sure you're getting the best price on your prescriptions with a detailed Rx Savings Review. Tap "Find Rx Savings" to request your free review.

Keep Track of Your Benefits

Your benefits details and cards are always on hand in the benefits wallet. You'll even find the details of any financial accounts, like HSA or FSA, so you can easily manage healthcare expenses.

Review Your Medical Bills

You're focused on feeling good, and the last thing you want to manage is medical billing errors. Upload a photo of your bill and Explanation of Benefits (EOB), and HealthJoy's team of experts can make sure you only pay what you owe. Just tap "Medical Bill Review" to get started.
