Allstate Identity Protection Pro

Product features

Comprehensive monitoring and alerts

Proactive monitoring helps you stop fraud at its earliest sign and enables quick restoration for minimal damage and stress.

Enhanced identity monitoring

Our proprietary monitoring platform detects high-risk activity to provide rapid alerts at the first sign of fraud.

Dark web monitoring

In-depth monitoring goes beyond just looking out for a participant's Social Security number. Bots and human intelligence scour closed hacker forums for compromised credentials and other personal information. Then we immediately alert participants who have been compromised.

High-risk transaction monitoring

We send alerts for non-credit-based transactions like student loan activity and medical billing.

Account activity

You're alerted when unusual activity on your personal banking accounts could be a sign of account takeover.

Financial activity monitoring

Alerts triggered from sources such as bank accounts, thresholds, credit and debit cards, 401(k)s, and other investment accounts help you take control of your finances.

Social media monitoring

We keep tabs on social accounts for everyone in the family, watching for vulgarity, threats, explicit content, violence, and cyberbullying.

Lost wallet protection

Easily store, access, and replace wallet contents. Our secure vault conveniently holds important information from credit cards, credentials, and documents.

Solicitation reduction

We aid you in opting in or out of the National Do Not Call Registry, credit offers, and junk mail.

Digital exposure reports

You can see and identify where your personal information is publicly available on the internet.

Credit monitoring and alerts

We alert for transactions like new inquiries, accounts in collections, new accounts, and bankruptcy filings.

Data breach notifications

We send alerts every time there's a data breach affecting you directly so you can take action immediately.

Credit assistance

Our in-house experts will help you freeze your credit files with the major credit bureaus. You can even dispute credit report items from your portal.

Sex offender notifications

Our monitoring system notifies you if a sex offender is registered in a nearby area.
